TIME CERAMICS From China to the World: Time Ceramics' Global Expansion Journey

Fujian Province Time Ceramics Group was founded in 1995 and is headquartered in Fujian Province. It is a multinational group of ceramic manufacturing enterprises in China, integrating R&D, production, and sales.

After more than 30 years of continuous transformation and development, the company currently operates four large-scale, intelligent, and environmentally friendly ceramic industrial bases in Nigeria (Africa), Mexico (South America), the Philippines (Southeast Asia), and Pakistan (South Asia), employing over 7,500 people.

Times Group established its Pakistan production base in 2017 as part of China's Belt and Road Economic Strategic Cooperation Corridor. The facility is located at Plot No. 275, Phase 2, M3 Industrial City, Faisalabad, Pakistan, and spans over 100 acres. It is designed to include three fully advanced and environmentally safe kiln manufacturing units.

- The first production unit began operations in October 2018.
- The second production unit began construction in November 2018 and became operational in October 2019.
- The third production unit was scheduled for construction in May 2020 and began production in August 2021.

The product range includes:

- Porcelain Tiles Series: 600x600, 600x900, 800x800, 600x1200, and 750x1500.
- Ceramics Wall Tiles: 250x400, 250x500, 250x550, 225x600, 300x600, 300x900, 450x900, 400x400, 150x900, 525x525.
- Antique, Gold-Plated Tiles: 600x600, 600x1200, and other trending sizes.

The products are exported to many countries and regions, including Southeast Asia, South America, and Africa, where they are highly regarded by customers worldwide.

In terms of manufacturing, the company employs cutting-edge production technologies and management models. It integrates computer-based data management into all aspects of product development and quality control, ensuring scientific, data-driven, and automated management.

Advanced testing facilities, clear job descriptions, SOPs, flexible individual technologies, and additional measures, along with state-of-the-art equipment, ensure high-quality products.

Talent is another core strength of Times Group. The company adheres to the principle of identifying and nurturing talent through well-defined mechanisms and providing opportunities for growth. It encourages each individual to harness their potential in their respective roles, fostering a positive, proactive, and responsible leadership team in both production and sales.

With this ambitious approach, Times Group promotes a dynamic lifestyle, creates a harmonious and sustainable living environment using ceramic materials and design, and shares a high-quality, elegant way of life with those seeking a better living experience.

INNOVATION, PRODUCT QUALITY AND CUSTOMER SERVICE

Style never goes out of fashion and neither has TIME CERAMICS, since its inception in 1995. TIME CERAMICS symbolizes stylized spaces, designs that redefine grandeur and a sense of fashion that is second to none. Our collection of tiles, marble and mosaic, not just match your requirements but come with an assurance of superior quality driven by the best of technology

Time Ceramic is a group of companies, forming the largest tiles manufacturing network. We boast a daily production capacity of 85,000 square meters, translating to a monthly production of 2,550,000 square meters and a staggering 30,600,000 square meters annually.

We offer a diverse range of sizes to cater to your specific needs. As an ISO-certified company, we hold quality in the highest regard.
